13<sup>th</sup> August 2015

To Whom It May Concern,

We had The Amazing Brain Show on the 3<sup>rd</sup>. June 2015. The children were thoroughly engaged in the show we had children from 2-5 years of age attend.

The feedback from staff, children and families was excellent, families relayed that the children were discussing with them their nutrition requirements and how they needed to drink lots of water and not have so much sugar. The children learnt about keeping their brains healthy and the educators have kept this theme going.

We would highly recommend The Amazing Brain Show, the children, educators and parents have gained valuable information which can be carried on throughout the children's lives.

Thanks Again Trevor and Annie keep up the good work.
